4. **January Minutes:** Dr. Redman moved to approve the January 14, 2015 board minutes as submitted. Mr. Brandt seconded the motion. The motion passed by the following roll call vote: Dr. Salinger – aye, Mr. Brandt – aye, Dr. Redman – aye, Dr. Kidd - aye.

5. President's Report:

A. Dr. Kolb thanked Jack Advent and the OVMA for inviting the Board to speak at the Midwest Conference. Dr. Kolb informed the Board that he and Ms. Stir will be presenting to the OSU College of Veterinary Medicine students on April 3, 2015.

6. Vice President's Report: Dr. Kidd congratulated Dr. Redman on being awarded the Distinguished Service Award presented to him by the OVMA at the Mid-West conference for being an outstanding representative of the veterinary profession.

7. Secretary's Report: None

8. OVMA Liaison: Jack Advent, Director of the Ohio Veterinary Medical Association, updated the Board on recent projects.

9. Guest Speakers:

A. Beth Sheehan – The guest arrived a little late, but Dr. Kolb provided time for Ms. Sheehan to discuss her ideas and concerns for enabling the Board to perform compliance inspections and the ability to fine unlicensed practitioners. The Board did not take a position on the proposed ideas, but appreciated Ms. Sheehan taking the time to share her concerns with the Board members as the Board tries to implement a consistent schedule of compliance inspections.

B. Deborah Cohen – Ms. Cohen did not show up for her allotted 5 minute presentation. No communication was made to the Board indicating she would not be able to make it.

10. Executive Director Report:

A. Directives – The January 2015 Board meeting Directives have been completed.

B. Governor's Appointments - No update at this time.

C. Rules - There was no discussion regarding Rule 4741-1-04 OAC as a result of the earlier public rules hearing. The rule will be final filed after approved by JCARR.

D. Budget Update– Ms. Stir provided an update on the proposed budget for FY16 & 17 as introduced in HB64. The proposed amounts in the Budget Bill are \$352,195 for FY16 and \$358,195 for FY17. Ms. Stir prepared a one page summarization of the request for an additional \$20,000 for each fiscal year (FY16 & 17) as well as the testimony provided before the House Finance Subcommittee on Agriculture and Natural Resources. Ms. Stir met with the legislative staff of the Chair of the Subcommittee, Representative Thompson, to discuss the request. The OVMA sent a letter of support to Representative Thompson regarding the Board's request. A copy of the OVMA letter was provided.

The language that the Board requested regarding the elimination of the Board approving the candidates for the NAVLE and the recognition of PAVE as a qualifying examination for foreign graduates seeking licensure in the State of Ohio is in the budget bill (HB 64).

Ms. Stir reported that she has submitted a request to the Controlling Board to increase the appropriation for the Student Loan Fund another \$10,000 for FY15 only. The Board was provided an appropriation of \$30,000 for each fiscal year. (Remember, that only means we can spend up to that amount NOT how much money is in the Fund). Due to two student loan checks being sent to the wrong address in June, 2014 (FY14), the Board had to reissue the checks (\$8300 each) in July, 2014 (FY15) which reduced the appropriation amount to \$13,400. There is currently \$20,346 in the 5BU0 Fund. Increasing the appropriation amount would permit the Board to provide more than one award when the Board considers the applications in May, 2015. The Controlling Board will consider the request at their March 23, 2015 meeting.

In keeping with the Governor's and Department of Commerce's initiative to reward small business for "good behavior", the Board might want to accept AAHA accreditation in lieu of a compliance inspection. There are 106 veterinary hospitals in the State of Ohio that have achieved AAHA accreditation. AAHA was supportive of this concept as Alabama currently deems AAHA accredited facilities as above standard and therefore does not require an additional inspection by their state Board. Dr. Salinger moved and Dr. Kidd seconded the motion to provide AAHA accredited veterinary facilities "deemed status" and would not be subject to a routine compliance inspection unless the Board received a complaint necessitating an inspection. The motion carried by the following roll call vote: Dr. Salinger – aye, Mr. Brandt – aye, Dr. Redman – aye, Dr. Kidd – aye.

- E. Legislative Update - HB 60 was introduced on February 11, 2015 which would revise provisions and penalties regarding treatment of companion animals, revise the definition of "companion animal" in the offenses Relating to Domestic Animals Law, and to provide a state collaborative effort to assist veterinarians in identifying clients who may use their animals to secure opioids for abuse. The language pertinent to the Board is as follows:

Sec. 4741.05 . The attorney general, state veterinary medical licensing board, state board of pharmacy, and Ohio veterinary medical association shall collaborate in the development of resources and educational materials to enhance the ability of veterinarians to identify current or potential clients who may abuse opioids and may use animals in their care to improperly secure them.

Ms. Stir raised another issue in that the Board does not have automatic suspension authority for violations that could cause an immediate threat to the public in the Veterinary Medical Practice Act. Dr. Redman moved and Mr. Brandt seconded the motion to develop and promote legislative language that would permit the Board to automatically suspend a license or registration for clear and convincing evidence presented to the Board regarding a licensee that would cause an immediate threat to the public similar to language that other regulatory boards already have enacted. The motion passed by the following roll call vote: Dr. Salinger – aye, Mr. Brandt – aye, Dr. Redman – aye, Dr. Kidd – aye.

- F. Annual Student Loan Report – A copy of the annual report on the Veterinary Student Loan Repayment Program was provided.
